

SPEEDWEEK 2007

05 SEPTEMBER

Records are shattered in Walvis Bay

Yesterday was a superb day of racing here in Walvis Bay. With winds averaging around 30 knots for most of the afternoon Walvis Bay delivered record breaking conditions. Eight national records were broken all are subject to official ratification by the WSSRC.

The new records set are:

Namibian Windsurf men – Matthias Roettcher – 40.850 knots

Croatia windsurf men – Oliver Biljman – 38.116 knots

Dutch kitesurf women – Katja Roose – 31.486 knots

Namibian kitesurf women – Isabella Sardinha – 31.244 knots

Dutch kitesurf men – Rolf van der Vlucht – 38.326 knots

France kitesurf women – Charlotte Consorti – 36.764 knots

Ireland windsurf men – Steve Flanagan – 36.096 knots

Italian windsurf men – Patrick Diethelm – 42.977 knots

The conditions are looking great for another windy day. With a better wind angle we hope for even better speeds today and the breaking of more records....ha
